#### Note:

Two travel lift operations include 3 days of dry berth and vessel platform.

Holding a vessel on a travel lift will be charged as one operation, therefore the price will increase by 80 EUR / hour, max 3 hours.

Moving of vessels on land, at the request of the owner will be charged as one travel lift operation.

The user is required to lower the sails before lifting the vessel on land, otherwise the service will be charged in accordance with the used working hours from the price list of the marina.

Rental of hydraulic mobile boat trailer 60T and 300T on request.

Diver service during the use of travel lift is charged according to the standard hourly rate /per hours used.

The washing of the underwater part of the catamarans is increased by 80%.

For vessels under contract (not including charter vessels) the second travel lift operation is reduced by 20% within the same calendar year (refers only on a yearly contract).

Maximum width of vessel for travel lift use is 11,60m.

\* The prices refer to washing of the underwater part of the vessel with a 300 bar high pressure washer. In the case that a 500 bar high pressure washer is needed, the price is 2,70 EUR/m<sup>2</sup>.

## **GENERAL TERMS AND CONDITIONS:**

This price list is effective from 1<sup>st</sup> March 2017. Marina Trogir reserves the right to change and update the price list without prior notification, and takes no responsibility for any typographical errors. All Marina Trogir service users are to comply with terms and conditions from the effective price list, general terms and conditions of business and contract, as well as the Ordinance on Maintaining Order in Marina Trogir. In case of non-compliance with the terms and conditions Marina Trogir reserves the right to cancel the use of berth.

All services rendered are to be paid upon their execution/deliverance, except those services for which the payment method was previously defined in the contract.

A book of complaints may be found at the marina reception desk.

Marina Trogir reserves the right to charge for berths according to project documentation, that is according to the actual length of berth used and not the length of the vessel.

### **Electricity Consumption:**

All berths are equipped with an electricity connection according to vessel size (from 16A – 400A). Electricity use is charged according to current price list.

### **Water Consumption:**

Standard water consumption for all vessels is included in the berth price (washing of vessels not included). Water consumption over 200 litres per day is charged according to current price list. When washing a vessel the use of hand-held water regulators, so called gun regulator is mandatory.

### **Charter:**

The minimum invoicing length for charter vessels is the category 'up to 14,99 m'. All vessels below this category are charged according to the minimum invoicing length. Catamarans will be charged according to their real length with a supplement of 80%.

### **Prices:**

This price list contains the prices of sea berth, dry berth and other services. Services are charged based on the vessel's length overall (L.O.A. and width of the vessel). Marina Trogir reserves the right to verify the length and width of a vessel. In case of a discrepancy, Marina Trogir reserves the right to calculate the price according to the calculated dimensions.

### **Catamarans and Trimarans:**

For catamarans and trimarans all berth prices and other services are increased by 80%.

### **Auxiliary Vessels:**

Auxiliary vessels, regardless of whether they are subject to registration or marking with vignettes do not pay for a berth place when they are located on the main vessel. The signer of the contract with Marina Trogir is to sign an additional berth contract for the auxiliary vessel if a separate berth is used for it. The berth price for vessels up to 8,99 m is reduced by 50%, and for longer vessels regular price applies. When the auxiliary vessel uses a separate berth and the main vessel is not within an annual berth but on a daily berth, the daily berth for the auxiliary vessel is charged according to the current price list. This service depends on availability.

When service work exceeds 50.000,00 € a discount of 25% is approved on the marina's yearly berth price.

For vessels staying in the marina before or after service works a Service Berth is charged 10 € /day.
